

With over six decades of business and technical experience in the mining, energy, and infrastructure sectors, we understand that challenges are changing rapidly in every industry. We respond quickly with solutions that are smarter, more efficient, and innovative. We draw upon our 9,000 staff with experience in over 150 countries to challenge the status quo and create positive change for our clients, our employees, and the communities we serve. Hatch is committed to the cause of influencing the future through innovative solutions for clients and encouraging the new generation of professionals. Hatch runs an annual New Graduates Program offering students the opportunity to get some hands-on industry experience.

These positions are suitable for those students with an interest in pursuing a career in Civil Engineering, Mechanical Engineering, Electrical Engineering, Mining Engineering, Document Control (Arts and Humanities or Library Science) and Project Controls (Engineering courses, Administration or Economics).
